

The 2023–2024

Trinity Fund

An Annual Investment in the Student Experience

Put simply, The Trinity Fund is our “annual giving” fund. When fully funded, it allows our school community to allocate unrestricted financial resources to supplement, support, and inspire strategic initiatives across campus. While we successfully run our day-to-day operations with funding from tuition and fees, the generous gifts that come through the Trinity Fund are what allow us to thrive as we transform the educational experience for our students.

For the 2023-2024 School Year, when families give unrestricted donations to the Trinity Fund, they are enabling the leadership of Trinity Academy to advance the strategic priorities for this year, which moves us closer to reaching our long-range targets defined in Trinity’s 15-Year Strategic Plan.

2023-2024 TRINITY FUND ALLOCATIONS

HALLMARK	IMPACT	TOTAL
