Financial Assistance (FA): deadline for completing an application for FIRST ROUND of FA is **JANUARY 19, 2024**

Trinity Academy offers financial assistance to families based on demonstrated financial need. All information is confidential, and every effort is made to meet demonstrated need. First round decisions will be communicated in Veracross on or around February 20, 2024. **NOTE:** For your financial assistance application to be considered in the first round of awards, your 2023-2024 tuition payments must be current, and any prior financial assistance application must be in a "VERIFIED" status.

NEW! Any family applying for financial assistance from Trinity **must also apply** for the NCSEAA Opportunity Scholarship (NCOS) beginning February 1 and **no later than February 9, 2024**, and meet ALL required deadlines of the NCSEAA Opportunity Scholarship program.

Families with past due tuition or Incidental Billing (IB) balances are ineligible for re-enrollment until payment arrangements are made. Habitual past due balances may lead to restriction on payment methods available to that family or may result in the decision to not offer re-enrollment.

Family Referral Tuition Credit

Trinity Academy offers any current family up to \$1,000 for the enrollment of a new family, to be applied toward tuition. A new family will be asked how they first heard about Trinity and who invited them to an event or urged them to contact Trinity. If more than one current family has had significant influence on a new family's enrollment, the amount will be divided evenly between these families. For more information, please contact the Admissions Office.
