

Morning and Afternoon Carpool—All Students

There is no difference for Lower School, Middle School, or High School in regards to the lane used for carpool. **Morning and afternoon carpool processes are the same for all.** All students are dropped off along the carpool curb (near the blue canopy—see star) and all students are picked up along the carpool curb (near the blue canopy). See orange arrows for flow. Use both lanes.

Lower School dismisses at 2:45. Parents can arrive as early as 2:30. But should arrive no later than 2:55.

Upper School dismisses at 3:00. However, students visit lockers and are not ready until 3:05. Upper School parents should not arrive before 3pm.

Families with both Lower School and Upper School students should arrive after 2:55pm, pick up your Lower School student, then circle back around the traffic circle (see green arrows) and rejoin carpool line to pick up your Upper School student when their carpool begins around 3:05pm.
