Leaving a Legacy Through Planned Giving - The Pullens

John and Stephanie Pullen have long desired to support young school-age children in the pursuit of excellence in Christian education. They were introduced to Trinity Academy by a close friend. The Pullens were impressed by the caliber of education that is taking place at Trinity Academy. The leadership as well as the students themselves are equally impressive. In preparation of their estate, at the time of their deaths, the Pullens chose Trinity Academy to be a recipient of a portion of their estate.
